

KLOPP's *NEW* "One Coin" Bagging Machine

**INTRODUCING...
KLOPP COIN COUNTERS NEW
MANUAL AND ELECTRIC BAGGING MACHINES**

KLOPP's New Bagging Machines will count and bag one type of coin at a speed of 1,400 pieces/min. Available in Manual (CMB) or Electric (CEB) models. The CMB and CEB Bagging Machines consist of the same heavy-duty construction as the standard machines, minus its multiple coin wrapping capabilities. These machines bag one type of coin only, which you specify. This, along with its portability, makes it a perfect machine for replenishing your bill changers or filling your bank bags for deposit. Machines are equipped with a bagging tube attachment for bagging your coins and include a 1-year warranty of parts and labor.

- **Fast Processing**
- **Manual or Electric Models**
- **Light Weight**
- **1-Year Warranty**
