

# Would you dry your hair without heat?

## Why treat your car any less?

The JE Adams Turbo Towel is the first touchless dryer on the market with heated air. Using 1 motor and a thermostatically controlled heating element, your customers will be lining up to use this product!

- Prevent scratches and marks caused by standard hand towel and chamois drying
- Eliminate water spots caused from merely blowing air around – dry them instead
- Blast water out of cracks and crevices
- Great for drying motorcycles, chrome wheels, and engine compartments
- Dry floor mats and carpets in a matter of minutes
